Great 2 bedroom 2 bathroom manufactured home located in Hemet. This 1000 sqft home on a 7405 lot was built in 1972. As you walk up to this home you will see a side porch for enjoying the fresh air. You enter the home into the large spacious living room featuring hardwood floors, open floor plans and an abundance of natural light that continues throughout the home. The kitchen, dining room, and living area is highlighted with cabinets, counter space, stainless steel sink, and plenty of lighting overhead. To the right, just off the living room you will find a large guest bedroom with large closets, and carpeting. The spacious guest bathroom has a shower and tub combo, single sink vanity, artful wood siding and laminate tile flooring. The spacious master suite with walk in closet, and private master bath with a walk-in shower, plenty of lighting and large one sink vanity. The home features a separate laundry room with overhead cabinets and side entrance into the home from the attached covered carport. Outside
